

DID YOU KNOW?

For The Private Business Owner

The Ultimate Exit Strategy and Financial Tool

This is an ADVANCED Financial Strategy for Private Business Owners

Did you know...that you can sell your company stock and pay **NO TAX** on the transaction? But that's not all: your company can then fully **DEDUCT 100% of the *Principal and Interest*** on the loan required to purchase your stock.

Did you know...that you can actually **purchase capital goods with PRE-TAX dollars**? That means: you can purchase capital equipment with \$0.66 dollars.

Did you know...that you can **purchase another company with PRE-TAX dollars**? That means: your company can acquire another company with \$0.66 dollars.

Did you know...that you can **refinance existing debt through an ESOP and fully TAX-DEDUCT *Principal and Interest*** on the loan? That means: debt is being repaid with \$0.66 dollars.

Did you know that we can structure this transaction for you, and provide the entire team necessary to get the job done?
