

DID YOU KNOW

For CPAs, Attorneys, & Financial Professionals

The Ultimate Exit Strategy and Financial Tool For Your Clients

This is an ADVANCED Financial Strategy

Did you know...that your client can sell his/her company stock and pay **NO TAX** on the transaction? But that's not all: the company can then fully **DEDUCT 100%** of the **Principal** and interest on the loan required to purchase your client's stock.

Did you know...that your client can actually purchase capital goods with **PRE-TAX** dollars? That means: your client can purchase capital equipment with \$0.66 dollars.

Did you know...that your client can purchase another company with **PRE-TAX** dollars? That means: your client's company can acquire another company with \$0.66 dollars.

Did you know...that your client can refinance existing debt and fully **TAX-DEDUCT Principal** and interest on the loan? That means: debt is being repaid with \$0.66 dollars.

Did you know that your firm's billings, as well as professional standing and competitive edge in the community can be greatly enhanced by adding this practice area?
